

Spend My Life

© Words & Music by Markeisha Ensley/Marjean Music (SESAC)

Verse 1

Remembering the day
You said, "Baby, it's okay."
That's when love walked through the door
With words not heard before
You're all I've wanted and more

Chorus

Look what you've done to me
You take my breath away
Every time I see your face
I'm amazed
I never thought you'd know my heart so very well
My angel, I can't deny the truth
I could spend my life loving you

Verse 2

Good morning with a smile
Can we stay here for awhile
There's no place I'd rather be
It's like we're drifting through a dream
With you I am complete

Chorus

Look what you've done to me
You take my breath away
Every time I see your face
I'm amazed
I never thought you'd know my heart so very well
My angel, I won't deny the truth
I could spend my life loving you

Bridge

You're my escape from this day-to-day
I am leveled by the strength of your gaze
Simply, you've come to mean everything to me
I can't believe

Chorus

What you've done to me
You take my breath away
Every time I see your face
I'm amazed
I never thought you'd know my heart so very well
My angel, I know the truth
I will spend my life loving you
